Mirna: what kind of help do you need?
me: read the document
me: if you can help us on this I'll ensure that we assist Lebanon next
me: to the extent that we are successful in Tunisia, we will expand our soft power and our capabilities
Mirna: i dont understand what actual steps you are taking
Mirna: to make it happen
Mirna: and why tunisia?
Mirna: why not lebanon?
me: Have you been following the news?
me: We helped to chase off the president
me: We took over their websites two weeks ago
me: and provided software to rebels to prevent government from spying on them
me: Now we're finally getting serious recognition
me: and recruiting more people
me: I've become essentially one of several de facto leaders of the Anonymous movement
me: go to Wikipedia and find out more about Anonmyous
me: because you're going to need to be up on this soon
me: they're following my lead because I was the first journalist to cover Wikileaks and the only one to cover Anonymous correctly and have been with Anon for five years
me: and because I have my own organization with fucking CIA and scientists and journalists and whatnot
me: when I go to New York, Rolling Stone is going to be following me around for the week
me: we have protests being organized in 91 cities for tomorrow alone
me: regarding Wikileaks
Mirna: its true you were the first person i ever heard say the word wikileaks
me: Anyway, read all this, I want you involved and you need to understand that this is big
me: and more than worth your time
Mirna: ok i read the ink
